

How to Make an Origami “No-Glue” Book

Materials: white paper, construction paper, glue, crayons, pencils & colored pencils.

Step 1 Fold a square of paper in half horizontally.

Step 2 Fold left to right in half again, fold top to bottom and then left to right again.

Step 3 Unfold to see 8 squares.

Step 4 Fold in half and make a cut in the center of the folded side to the middle (1 square.)

Step 5 Unfold so the cut edge is horizontal. Fold over and push out cut side to make a diamond shape and then pinch sides together to make a folded book.

Step 6 Decorate cover and add a story or illustrations.
