

How to Make a Mouse Shaped Book

1

2

3

Materials: white paper, construction paper, glue, stapler, crayons, pencils & colored pencils, yarn/string.

Step 1: Make a heart-shaped book that becomes a mouse: Stack 3 sheets of white paper and one sheet of colored paper for the cover.

Step 2: Fold stack of papers in half and cut into a half heart shape. Staple at the fold.

Step 3: Cut 4 feet, whiskers, ears and tail out of construction paper (you could also use yarn for the tail).

Step 4: When book is folded, add feet to the crease line, a nose and whiskers to the crease at sharp point and the tail.

Step 5: Add ears, draw details and you have a mouse book.
