

# Succulents

Succulents are colorful plants and are very easy to care for! They come from desert areas with very little water, so they don't need to be watered often. They come in many different shapes and sizes and can be a good indoor plant for beginners!

Blue Columnar  
Cactus

Jade

Golden Sedum

White Rose

## NOTE:

All plants are different,  
so make sure to do  
research before buying any!

Color and cut out the plants.  
Then, paste them to a strip  
of paper to make your own  
windowsill garden!
