

Origami Bee

Follow instructions below to make your own origami bee!

1: Cut a square piece of paper diagonally through the middle. Put one half aside.

2-3: Fold in half. Then, take the bottom corners to meet in the middle.

4-5: Fold the front flaps down at an angle to create wings.

6-9: Fold down the upper section in thirds until it overlaps the wings.

10: Fold a portion of the right and left wings behind the body so it is no longer visible.

11: Optional: Fold back the wing tips.

12: Color!
