

# Let's Talk About Aliens Handout

Answer the Questions Below and Color the Aliens

Would you want to meet an Alien? Why or why not?

What questions would you ask an alien?

What would you want to know about them, their planet, technology...?

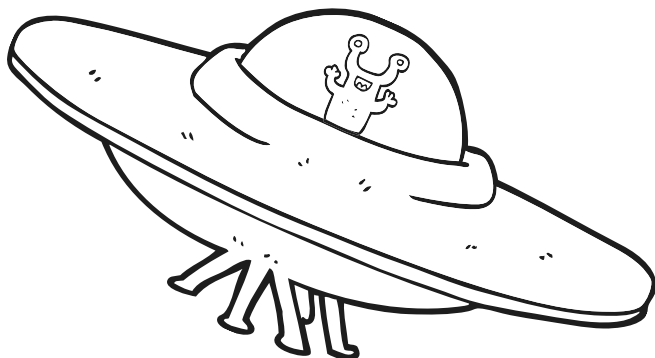

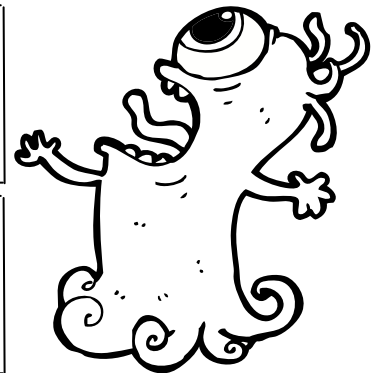

What would you tell them about earth?

What would you tell them about yourself? Your family? Humans? Society?

Is there anything you would not want them to know?

Is there anything you would keep secret?

Do you think you could be friends with an Alien? Why or why not?

What would happen if you met lots of aliens at once or from different planets?  
Would that change the questions or your answers?
