

Shad

Shads are social fish that swim in schools.

Female shads can get up to 24 inches.

Male shads can get up to 19 inches.

Shads are silvery-blue in color.

1. Color in this shad.
2. Cut around the border.
3. Fold the dotted line.
4. Attach a stick in the middle of the fold with glue or tape.
5. Start swimming!
