

The Trumpet (Trompeta)

The trumpet is a brass instrument commonly used in classical and jazz ensembles. The trumpet is characterized by its striking, triumphal sound and by the fact that it boasts the highest register of all the brass instruments. It does splendid work, single-handedly giving expression to heroism and jubilation.

Did you know? The use of trumpets in orchestras became much more common after Heinrich Stölzel developed the valve in 1814.

Color in the trumpet and learn about the different parts of this important musical instrument:
